**RE: San Andres Development Project**

Dear J.D.,

EFT wants to express its appreciation for all your efforts in helping us drill and complete our San Andres wells in the \_\_\_\_\_ Field.

Our future plans are to develop our leases in 10 well packages. These wells will be drilled on our \_\_\_\_\_ leases. We can foresee a continuous drilling program through the end of 2009 and into 2010. Because of the volatility of the oil and gas business today, we hope that these 10 wells packages will enable us to keep our well cost down and ensure our vendors of steady work while we are developing these and future wells.

Please feel free to call me at \_\_\_\_\_, to further discuss our plans.

Once again, thank you for all of your help and look forward to working with you in the future.

Thank you,

Jim Rich  
Field Supervisor
